Longitudinal Changes In The Corpus Callosum Following Pediatric Traumatic Brain Injury
Brigham Young University, 2011, 48p., Ph.D.
Pub No:3482456

26 Johnson, W. T. Joshua.
A comparison of non-brain-injured versus brain-injured participants on the Lebby-Asbell Neurocognitive Screening Examination for Adolescents (LANSE-A)
Alliant International University, Fresno, 2011, 93p., Ph.D.
Pub No:3462589
Rozo, Monica.
A meta-analysis of auditory event-related brain potential studies shows evidence of weak central coherence in individuals with Autism
Alliant International University, San Diego, 2011, 107p., Ph.D.
Pub No:3501895

Hull, Amanda.
Comparison of the repeatable battery for assessment of Neuropsychological Status and the Neuropsychological Assessment Battery Screening Module in veterans who screened positive for traumatic brain injury
Palo Alto University, 2011, 184p., Psy.D.
Pub No:3481400

Goff, Taryn E..
A comparison of global intellectual functioning on the WAIS-IV and selected effort measures in TBI and non-brain injured samples
Alliant International University, 2011, 112p., Psy.D.
Pub No:3474197

Myszka, Katherine A..
Maintenance of treatment gains in a post-acute brain injury rehabilitation program with 3 treatment trajectories: What variables predict positive outcomes in productivity and independent living; status?
University of Houston, 2011, 69p., Ph.D.
Pub No:3486372

Miller, Lesley.
Subacute hippocampal atrophy following traumatic brain injury: Relationship to environmental enrichment and vocational outcome
University of Toronto (Canada), 2011, 152p., Ph.D.
Pub No:NR77952

Kershner-Rice, Kendall.
The impact of meaning focused coping on the life satisfaction of informal caregivers for traumatic brain injury survivors
Fielding Graduate University, 2011, 182p., Psy.D.
Pub No:3440232

Herges, Amanda M..
Stress and Depression in Traumatic Brain Injury: Examining the Moderating Effects of Coping Style and Cognitive Style
Seattle Pacific University, 2011, 107p., Ph.D.
Pub No:3464958

Evans, Lianna D..
Caregiver Burden in Brain Injury Populations: An Exploratory Study
Spalding University, 2011, 135p., Psy.D.
Pub No:3473740

Bremser, Jennifer A..
Disordered eating and negative evaluation anxiety as candidates for the extreme female brain type
State University of New York at Albany, 2011, 92p., Ph.D.
Pub No:3464730

Preliminary Investigation of Autonomy in Adolescent Survivors of Traumatic Brain Injury
University of Victoria (Canada), 2011, 103p., Ph.D.
Pub No:NR82347

Murphy, Laura Jane C..
Flexible brains, resilient souls: Traumatic brain injury and the Feldenkrais Method(TM): An existential phenomenological study
Michigan School of Professional Psychology, 2011, 152p., Psy.D.
Pub No:3466532

Sylvester, Merry.
Acceptance and Commitment Therapy For Improving Adaptive Functioning in Persons with a History of Pediatric Acquired Brain Injury
University of Nevada, Reno, 2011, 135p., Ph.D.
Pub No:3472789
39 Freecce, Krista L.
Cognitive Sequelae of Trauma: Memory and Attention Deficits in Individuals Diagnosed with Posttraumatic Stress Disorder, Mild Traumatic Brain Injury, and Comorbid Posttraumatic Stress Disorder/Mild Traumatic Brain Injury
Fielding Graduate University, 2011, 142p., Ph.D.
Pub No:3443916

40 Kit, Karen Anne.
The influence of negative stereotypes and beliefs on neuropsychological test performance in a traumatic brain injury population
University of Victoria (Canada), 2010, 174p., Ph.D.
Pub No:NR66863

41 Farley, Aaron M.
Predicting resiliency after brain injury: The relationship of forgiveness and religious coping
Regent University, 2010, 52p., Psy.D.
Pub No:3417069

42 Li, Kun.
Advanced signal processing techniques for single trial electroencephalography signal classification for Brain Computer Interface applications
University of South Florida, 2010, 97p., Ph.D.
Pub No:3427103

Inhibitory Control and Reward Processes in Children and Adolescents with Traumatic Brain Injury and Secondary Attention-Deficit/Hyperactivity Disorder
University of Toronto (Canada), 2010, 177p., Ph.D.
Pub No:NR72293

44 Waldron-Perrine, Brigid.
The influence of religion and spirituality on rehabilitation outcomes among traumatic brain injury survivors
Wayne State University, 2010, 174p., Ph.D.
Pub No:3422509

45 Reierson, Gillian W.
Role of the phosphodiesterase (PDE) system in mediating the effects of chronic antidepressant treatment in rat brain
University of Miami, 2010, 156p., Ph.D.
Pub No:3411618

46 Cheek, Jeffrey Allen.
Recognition of mild traumatic brain injury among clinicians and potential effects on the psychotherapeutic process
The University of Oklahoma, 2010, 80p., Ph.D.
Pub No:3412523

47 Marion, Ilona Buscher.
Neuropsychological performance after unilateral subthalamic deep brain stimulation in Parkinson’s disease
University of Miami, 2010, 120p., Ph.D.
Pub No:3424779

48 Coleman, Maya Braden.
Cognitive and executive functioning in 15-month-old children following traumatic brain injury prior to age one year
The Catholic University of America, 2010, 120p., Ph.D.
Pub No:3391209

49 Kennington, Neal.
Symptom manifestation in the pediatric brain tumor population
Alliant International University, Fresno, 2010, 67p., Ph.D.
Pub No:3429111

50 Kramer, Michelle K.
Dopaminergic Stimulation in the Brains of Vascular Depression Patients: Neurocognitive and Quantitative EEG (qEEG) Effects
Pub No:3436684

51 He, Ji-Wei.
Investigating the optical signals in the brain and spinal cord during nociception
The University of Texas at Arlington, 2010, 113p., Ph.D.
Pub No:3408922
52 Pertab, Jon.  
The neural systems of working memory: The Sternberg working memory task in a pediatric traumatic brain injury sample  
Brigham Young University, 2010, 91p., Ph.D.  
Pub No:3427203

53 Liu, Jie.  
Brain structural and behavioral characterization of long-term effects of prenatal cocaine exposure in adolescents  
Brown University, 2010, 186p., Ph.D.  
Pub No:3470487

54 Lee, Patricia Happy.  
Coping with acquired brain injury through an Asian American lens: Interrelationships between collectivist coping and psychosocial outcomes  
University of Massachusetts Boston, 2010, 135p., Ph.D.  
Pub No:3433644

55 Chen, Ching-nung.  
Interplay between default-mode and task-positive networks: Functional characterization of the brain’s large-scale neural systems  
University of Michigan, 2010, 159p., Ph.D.  
Pub No:3406410

56 Otilingam, Poorni G..  
Effectiveness of a heart plus brain health-focused nutrition intervention among Latinas: A randomized controlled trial of buenos habitos alimenticios para una buena salud (good eating habits for good health)  
University of Southern California, 2010, 259p., Ph.D.  
Pub No:3434486

57 Torpey, Dana Catherine.  
Associations between parental psychopathology, temperament, and error-related brain activity in young children  
State University of New York at Stony Brook, 2010, 135p., Ph.D.  
Pub No:3422872

58 McCormick, Patrick Neil.  
Ex vivo binding of the agonist PET radiotracer [carbon-11]-(+)-PHNO to dopamine D2/D3 receptors in rat brain: Lack of correspondence to the D2 receptor two-affinity-state model  
University of Toronto (Canada), 2010, 222p., Ph.D.  
Pub No:NR72227

59 Johnson, Barry A..  
Relationship between the Neurobehavioral Cognitive Status Examination, the Functional Independence Measure, and the Patient Treatment Form in the health and care of traumatic brain injury; patients  
Walden University, 2010, 141p., Ph.D.  
Pub No:3404576

60 Hilleary, Suzanne Michelle.  
Corpus Callosum MRI Morphology and Functional Outcomes Following Pediatric Traumatic Brain Injury  
Fuller Theological Seminary, School of Psychology, 2010, 126p., Ph.D.  
Pub No:3436309

61 Aupperle, Robin L..  
An fMRI study examining the effects of acute D-cycloserine administration on brain activations and cognitive functioning in spider phobia  
University of Kansas, 2009, 190p., Ph.D.  
Pub No:3369303

62 Manna, Carlye Griggs.  
Regional brain asymmetries during verbal and spatial tasks in depression with high or low trait anxiety  
City University of New York, 2009, 103p., Ph.D.  
Pub No:3378597

63 Krpan, Katherine Maria.  
The Neuropsychological Mechanisms of Avoidant Coping Post Traumatic Brain Injury  
University of Toronto (Canada), 2009, 177p., Ph.D.  
Pub No:NR67664
64 Khalili-Mahani, Najmeh.  
Observing the stressed brain: Magnetic Resonance Imaging of the Neural Correlates of Hypothalamic Pituitary Adrenal Axis Function  
McGill University (Canada), 2009, 257p., Ph.D.  
Pub No: NR66616

65 Sturm, Virginia Emily.  
Self-representations: Alterations in frontotemporal lobar degeneration and correlates in the brain  
University of California, Berkeley, 2009, 123p., Ph.D.  
Pub No: 3426583

66 Silton, Rebecca Levin.  
Time course of regional brain activity associated with top-down attentional control in depression  
University of Illinois at Urbana-Champaign, 2009, 162p., Ph.D.  
Pub No: 3392476

67 Chiang, Karl S.  
Trajectory of quality of life in advanced Parkinson's patients receiving bilateral subthalamic nucleus deep brain stimulation  
University of Denver, 2009, 172p., Ph.D.  
Pub No: 3372465

68 Reese, Stephanie Marie.  
BrainAdvantage(TM)-- An alternative to drugs-- Integrated neurotherapy technologies to treat Attention Deficit Hyperactivity Disorders  
Union Institute and University, 2009, 388p., Ph.D.  
Pub No: 3350684

69 Sadler, Theodore R.  
Cancer of the psyche: Antenatal maternal stress accentuates functional brain responses and neuronal endangerment during conditioned fear in adult offspring  
University of Southern California, 2009, 118p., Ph.D.  
Pub No: 3355404

70 Wheeler, Tracey L.  
Nicotine and methylphenidate on adolescent brain development and addiction liability: Dose investigation  
George Mason University, 2009, 100p., Ph.D.  
Pub No: 3327222

71 Hightower, Jennifer Ross.  
Functional outcomes in children and adolescents with acquired brain injury  
Alliant International University, Fresno, 2009, 62p., Ph.D.  
Pub No: 3378339

72 Morgan, M. Colleen.  
The impact of traumatic brain injury on the survivor's partner or spouse: Implications for treatment  
Alliant International University, San Francisco Bay, 2009, 74p., Psy.D.  
Pub No: 3358415

73 Parks, Lauren Kathleen.  
Longitudinal changes in ventricle volume following pediatric traumatic brain injury: Predictors of cognitive function one year later  
The University of New Mexico, 2009, 106p., Ph.D.  
Pub No: 3369569

74 Thomas, Sean Matthew.  
Alcohol use with traumatic brain injury patients An assessment battery  
Carlos Albizu University, 2009, 93p., Psy.D.  
Pub No: 3385062

75 Zumwalt, Karri Ann.  
A qualitative exploration of traumatic brain injury caregivers' unique culture  
Our Lady of the Lake University, 2009, 127p., Psy.D.  
Pub No: 3368329

76 Goghari, Vina Mahesh.  
Functional and structural brain markers of the genetic vulnerability to schizophrenia: A neuroimaging investigation of schizophrenia patients, non-psychotic adult relatives, and community controls  
University of Minnesota, 2009, 113p., Ph.D.  
Pub No: 3360350

77 Colby, Liza Hope.  
Substance dependence, identity development, and traumatic brain injury  
Pub No: 3357572
Psychiatry and Brain

78 Schwartz, Eben.  
The role of Brain-Derived Neurotrophic Factor (BDNF) in cognition, depression and personality in multiple sclerosis  
State University of New York at Buffalo, 2009, 71p., Ph.D.  
Pub No:3372107

79 Walf, Alicia A..  
The effects, brain targets, and mechanisms of estradiol for affective behavior  
State University of New York at Albany, 2009, 207p., Ph.D.  
Pub No:3355233

80 LeBlanc, Meghan M..  
Brain functioning in patients with a bipolar diagnosis: Neurocognitive and quantitative EEG (qEEG) correlates  
The Chicago School of Professional Psychology, 2009, 124p., Psy.D.  
Pub No:3400371

81 Moser, Jason S..  
Common and distinct information processing biases in social anxiety and depression as revealed by event-related brain potentials  
University of Delaware, 2009, 107p., Ph.D.  
Pub No:3373310

82 Vizueta, Nathalie.  
Trait fear and negative affectivity as predictors of fMRI brain response to visible and invisible emotional faces  
University of Minnesota, 2009, 147p., Ph.D.  
Pub No:3371921

83 Sarhaddi, Sarah.  
The neuropsychological effects of disorganized/disoriented attachment relationships on the development of the brain  
The Chicago School of Professional Psychology, 2009, 96p., Psy.D.  
Pub No:3405134

84 Dickinson, Mercedes D..  
An investigation into the cognitive effects of pegylated interferon following first-line therapy in individuals with primary brain tumors  
University of Houston, 2008, 179p., Ph.D.  
Pub No:3329915

85 Kean, Jacob.  
The accuracy and validity of a new screening tool for delirium in acquired brain injury  
Indiana University, 2008, 145p., Ph.D.  
Pub No:3321120

86 Bauman, Wendi Leigh.  
Executive functioning in children and adolescents with traumatic brain injuries: Utilization of the Comprehensive Trail Making Test  
Texas Woman's University, 2008, 151p., Ph.D.  
Pub No:3311805

87 Beck, Kelley D..  
Personality and the prediction of outcome following rehabilitation in persons with acquired brain injuries: The Millon Behavioral Medicine Diagnostic (MBMD)  
University of North Texas, 2008, 72p., Ph.D.  
Pub No:3352074

88 Mitchell, Colleen A..  
Relationship between the performance on the MMPI-2 Fake Bad Scale and the word memory subtests in the detection of malingering during forensic brain trauma evaluations  
Adler School of Professional Psychology, 2008, 65p., Psy.D.  
Pub No:3286613

89 Sanz, Jacqueline Horwitz.  
Regional brain physiology and clinical presentation in prodromal and first-episode schizophrenia  
University of California, Los Angeles, 2008, 103p., Ph.D.  
Pub No:3316982

90 Neumann, Dawn.  
Recognizing nonverbal cues of affect: An intervention to enhance performance of persons with traumatic brain injury  
State University of New York at Buffalo, 2008, 146p., Ph.D.  
Pub No:3307610
Huffaker, Susan A.
Factors predicting case formulation proficiency in traumatic brain injury: Experience and knowledge
Alliant International University, San Diego, 2008, 146p., Ph.D.
Pub No:3335146

Newman, Nina.
Parental perception of child performance on tasks of executive function in mild pediatric traumatic brain injury
Fielding Graduate University, 2008, 102p., Ph.D.
Pub No:3335242

Andreatta, Nicole.
Narrative interviews with family members of a traumatic brain injury survivor: A qualitative inquiry
Alliant International University, San Diego, 2008, 85p., Psy.D.
Pub No:3305355

Fong, Alina Kapahupineakaleikoa.
Clinical applications of functional brain magnetic resonance imaging (fMRI): An adaptation of a standard neuropsychological battery
Brigham Young University, 2008, 132p., Ph.D.
Pub No:3318620

Costanza, Paul.
Classifying mild versus moderate/severe traumatic brain injury using neuropsychological tests, premorbid IQ indicators, and psychosocial factors
Seattle Pacific University, 2008, 132p., Ph.D.
Pub No:3333028

Wegner, Roberta Chandler.
Spirituality and religion as predictors of mood and quality of life following traumatic brain injury
Massachusetts School of Professional Psychology, 2008, 85p., Psy.D.
Pub No:3330369

Anderson, Shakesha S.
The effect of written Emotional Expression on depression following mild Traumatic Brain Injury: A pilot study
Drexel University, 2008, 169p., Ph.D.
Pub No:3327269

Dart, Georgianna.
Family reintegration program for families with traumatic brain injured patients
Carlos Albizu University, 2008, 103p., Psy.D.
Pub No:3319752

de Pereira, Ana Paula Aldmeida.
Self-awareness and prospective memory in persons with traumatic brain injury: Contributions to career decision making
The University of Wisconsin - Madison, 2008, 196p., Ph.D.
Pub No:3327968

Yang, Yaling.
Structural brain imaging in psychopathy
University of Southern California, 2008, 84p., Ph.D.
Pub No:3325012

Kinkela, Jessica H.
Diagnosis threat in mild traumatic brain injury
Ohio University, 2008, 105p., Ph.D.
Pub No:3339505

Parmer, Nathan.
Brain injury and romance: An examination of the impact of frontal lobe brain damage on marital and relationship satisfaction
The Chicago School of Professional Psychology, 2008, 102p., Psy.D.
Pub No:3287175

Jasinski, Nicholas E.
Roosevelt University, 2008, 65p., Psy.D.
Pub No:3330672
